

Landing Nets and Accessories

“Tournament Series” Knotless Flat Bottom Rubber Coated Nets

Spend more time fishing and less time removing tangled hooks and fish. These special nets have many of the qualities of a rubber net without the extra weight! They also make the perfect catch-and-release net! The fish will calmly lay across the bottom while you remove the hook. The net features a knotless, tangle-free rubber coated nylon flat bottom net. It has 3/4” holes that create very little resistance in the water. Heavy-duty octagon handles automatically line up for quick extension and slide into hoop for easy storage. All hoops are made of heavy 5/8” aluminum with reinforcements at all critical stress points. All handles and hoops are anodized black.

Optional Handles

- One-piece handles up to 6’ in length (add desired length after model number)
- Two-piece telescopic handles in 8’ and 12’ lengths (add ‘T’ and length after model number)

Model 458 TS

The net collapses down to only 31”x20”, making it the perfect net for bass boats, kayaks, canoes, or any other type of fishing.

NEW!

Our new Ranger “Tournament Series Muskie Nets” were designed to hold even the biggest muskie without ever taking it out of the water, so there is no harm to the fish and hooks can be safely removed. The 44” extra deep net with our biggest 38”x37” hoop makes this process very easy. These features make this the ultimate musky landing net.

To our loyal customers:

Whether you're seeing our new catalog for the first time or you're a long-time customer, we are pleased to offer this fine lineup of landing nets and accessories.

Ranger Products has been manufacturing landing nets since 1962. Our founder, Don Golde, was a member of the elite World War II fighting group "The Rangers." The shoulder patch he wore so proudly was the inspiration for our Ranger "Tough Quality" logo which is on all of our products. The fighting Rangers are considered the best the United States has to offer and we consider the same to be true of our landing nets. Most of them are handcrafted in the USA. Ranger Products is the culmination of an American dream. We believe that we have the best and most diversified line of landing nets in the industry.

You and your continued support for our products are the reason we are here. We always value your feedback on our products. Your 100% satisfaction is our goal - our pride depends on it. We back up this claim with a Lifetime Guarantee on most products. We'll do anything possible to make you a customer for life.

If you can't find an item you're looking for in our catalog, please ask and we'll be glad to make it for you.

Sincerely,

David Golde, President

Telescopic Handle Landing Nets

“Ranger Ruler” Walleye-Bass Series

Features black anodized hoops, octagon handles guaranteeing perfect alignment of the snap button every time you extend the handle, and hook-free treated nets. With accurate measuring ruler so you’ll never get caught with undersized fish (sorry, no more big fish stories!)

Ranger Ruler is optional on all crimped-style fixed-handle nets.

Alumaguard Catch & Release Trout and Live Well Nets

"Alumaguard" Catch & Release Trout Nets

MODEL NO.	HANDLE LENGTH	HOOP SIZE	NET DEPTH	COLOR
20231	6"	8" x 14"	8"	Black
20232	6"	10" x 12"	10"	Black
20233	6"	8" x 15"	9"	Black
20234	6"	8" x 15"	9"	Blue
20235	6"	8" x 15"	9"	Green
20236	6"	10" x 18"	11"	Black
20237	6"	10" x 18"	11"	Blue

Models 20231 through 20237 feature black anodized Alumaguard hoops with netting on the inside of the hoop to protect nets from being torn by rocks and other foreign objects. These nets feature soft 3/16" mesh netting that is shallow so fish can be cradled, unhooked and released with minimal damage. Models 20236 and 20237 are perfect for the Rocky Mountain region, where trout are bigger. These nets also make good live well nets.

Model 20233

Bait Traps

Collapsible Bait Trap

Compact and lightweight. Only 1" by 10", it unfolds to 10" by 17". Zippered pockets for bait and emptying catch. Steel wire frame with fine brown mesh that won't spook fish.

Wire Bait Trap

Sturdy, galvanized wire minnow trap separates in center for emptying and storage.

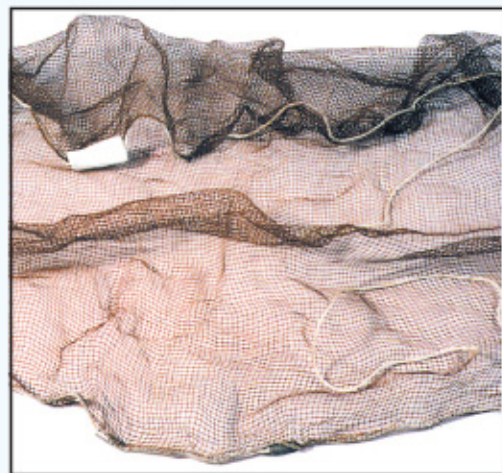

Seine Nets, Live Bait Bags, and Umbrella Nets

Seine Nets

Ranger seines are made out of the highest quality poly on the market. These seines repel water and dry quickly. Complete with heavy-duty floats and sinkers spaced evenly for perfect control in the water. Available in 1/8" and 1/4" mesh. Nylon netting available upon request.

Floating Live Bait Bag

This floating collapsible bag is great for keeping bait alive. Perfect for hanging over the side of your boat or dock. These bags are also useful for isolating bait in tanks. 1/4" soft nylon won't harm fish. Collapses for easy storage.

Features:

14" diameter rubber hoop with galvanized ring on the bottom.
15" deep 1/4" Ace mesh bag with a drawstring and cord lock.

Floating Live Bait Bag		
MODEL NO.	HOOP SIZE	NET DEPTH
FLB	14"	15"

Umbrella Nets

Ranger umbrella nets are made of heavy galvanized spring steel wire and the highest quality poly and nylon in the industry today. Umbrella nets fold up for easy storage and are a great way to get bait without getting wet!

Umbrella Drop Nets (catch your own minnows!)			
MODEL NO.	NET SIZE	MESH	MATERIAL
